

A Message from Dr. LeMaster

Parents/Guardians,

As we come to a long break soon (March 20th through March 24th) we want to make sure we all work together to FINISH STRONG. Attendance every day, being on time to school, and on time to class will help us to ensure this finish. As a reminder, March 17th is a regularly scheduled school day. We are not out of school on the 17th. FAST Testing will soon be here. We start FAST Testing in May. These next two months are so important in helping students to finish the year with success. One of the biggest factors with students being successful is consistent attendance. We appreciate your support as always and ask that you reach out with any questions.

Thanks For Your Support,

Mr. LeMaster

During the 2019-2020 school year, the State Board of Education passed three rules related to required instruction in health education topics impacting middle and high school students. This year, the District will designate ten dates as Wellness Wednesdays, in order to engage students in this learning. The time set aside on each Wellness Wednesdays will provide students with tools to enhance their social-emotional well-being and support our families in the development of the whole child.

Students enrolled in grades 6 through 12 will receive instruction in mental and emotional health education.
