School Board Philosophy

The School Board of Lee County governs with an emphasis on its well-defined purpose – improved student achievement. Therefore, the School Board shall:

- (1) Lead with vision by keeping the focus on the future rather than the past or present.
- (2) Empower through processes.
- (3) Encourage and listen for the diversity and the views of all in the community.
- (4) Lead strategically.
- (5) Create a clear distinction between School Board and administrative roles.
- (6) Make decisions based on factual information.
- (7) Make decisions collectively rather than individually.
- (8) Govern proactively rather than reactively.
